BOARD OF COMMISSIONERS
Agenda Item Summary

Agenda Category: Bids/Quotes/Proposals	Item No:

Date: June 11, 2019

Originating Department: Sheriff's Office, Chris Kaber, Sheriff

Issue: The Sheriff is requesting approval to purchase durable medical equipment for the Corrections medical facility.

Background: In order to deliver a higher level of inmate health care, reduce the number of hours spent in transportation of inmates for health services and provide for potential long-term cost savings by way of eliminating out-sourcing, the Corrections Department is requesting to purchase three pieces of durable medical equipment. The equipment being proposed will allow for in-house processing of medical testing that is often requested by our Veterans' Services and Klamath Basin Behavioral Health partners. The quote includes a hematology analyzer ($6,500), an EKG machine ($5,043.78) and a urine analyzer ($1,030.60); plus, a case of paper for the readouts. The bid provided by McKesson which includes freight totals $13,121.66.

Fiscal Impact: The hematology analyzer and the EKG machine expenses totaling $11,543.78 along with the associated portion of the $400.87 freight are capital purchases and will be paid for with the equipment reserve fund. The remainder of the purchase will be expensed in the Corrections materials and services operating fund.

Recommended Motion: Approve the Klamath County Sheriff's Office to accept the quote in the amount of $13,121.66 from McKesson to purchase a hematology analyzer, an EKG machine, a urine analyzer and read-out paper. The hematology and EKG equipment totaling $11,543.78 plus a portion of the $400.87 freight will be capitalized and the remaining amount of the purchase will be expensed in the Corrections materials and services operating fund. The funds are available.
