Hi Shana,

Attached are the other quotes. There is one quote that was less. However, it did not include the printer and with 5 different attempts, Gemalto never got back to us on a final quote with the printer included, which is needed for this station.

Thank you,

Hi Brian,
Leslie Barlow Hunter declined your BOCC agenda item because she wants additional quotes.
Please get those to me and I will upload them into the system.
I'm sure she will also decline the LiveScan machine item for the same reason.
So I will need a memo from Jessica stating how many quotes she attempted to get and any other quotes she might have.
Thanks,
Shanna
