See Section A of the attached Project MOA.

2. LEGISLATIVE AUTHORITY

23 U.S.C. Section 204.

3. PROJECT BACKGROUND AND SCOPE

See Section E of the attached Project MOA.

4. STATEMENT OF WORK

This agreement provides for funding of a progression of project activities. Initially only preliminary design is eligible for reimbursement. Final design, utility relocation, right of way acquisition will not be eligible for reimbursement until an environmental decision document has been completed and approved by Federal Highway Administration-Western Federal Lands Highway Division (FHWA). If FHWA's environmental decision document indicates significant impacts or identifies the preferred alternative to be a "no-build" alternative, then this agreement will be terminated with no eligibility for funding post environmental decision activities. Construction will not be eligible for reimbursement until the Final PS&E package is approved.

FHWA and Klamath County (Recipient) may amend or terminate this agreement to adjust to project development, environmental, or construction needs.

A. Preliminary Design

1. Design

1.1. Perform a site survey as necessary to support the design and environmental compliance needs of the project.

1.2. Prepare and submit a preliminary plan package to FHWA. The preliminary plan package shall reflect the work as described in the Project Description above. Any deviations from the described work must be approved in writing by FHWA. Include a preliminary cost estimate with the preliminary plan package.

2. Environmental Compliance

Note: Federally funded projects must fully comply with all requirements of the National Environmental Policy Act (NEPA). An appropriate range of reasonable alternatives will be evaluated for this project based on its scope and extent. Amendments to the scope of this may be required upon completion of the environmental clearance document and decision.

2.1. Coordinate environmental compliance efforts with FHWA environmental staff. Utilizing the information provided through work performed under this agreement, FHWA will write an independent environmental decision document.

2.2. Support FHWA in environmental compliance efforts, coordinate, develop and complete tasks including resource surveys, studies and assessments for documentation

2.2.1. National Historic Preservation Act (NHPA)

2.2.1.a. FHWA will take the federal lead for Section 106 of the National Historic Preservation Act (NHPA) compliance and perform tribal consultation.

2.2.1.b. Recipient through a qualified archeologist shall perform resource surveys of the area of potential effect (APE) for the project area in compliance with Department of Interior guidelines. If the APE includes land owned or controlled by the federal government, then obtain a permit from the federal land management agency to conduct resource surveys in accordance with the Archaeological Resources Protection Act. Prepare and submit to FHWA a report documenting Section 106 findings and recommendations that complies with applicable State Historic Preservation Office (SHPO) standards for use in Section 106 consultation.

2.2.1.c. FHWA will complete consultation with the SHPO under Section 106 of the NHPA.

2.2.2. Wetlands

2.2.2.a. Recipient through a qualified wetland biologist to identify the presence or absence of wetlands or other waters of the U.S. within the project area. Wetlands believed to be under the jurisdiction of the U.S. Army Corps of Engineers (USACE) should be identified. This may include but is not limited to referencing the National Wetland Inventory or local wetland inventory, NRCS soil survey maps, and field observations.

- 2.2.2.b. If no potential wetlands are observed within the project area, these findings can be documented in a short report submitted to FHWA.
- 2.2.2.c. If potential wetlands exist in the project area, delineate and document wetlands in accordance with the USACE 1987 Wetland Delineation Manual and submit the information to FHWA.

2.2.3. Threatened & Endangered (T&E) Species and Essential Fish Habitat (EFH)

- 2.2.3.a Recipient through a qualified biologist or botanist to perform threatened and endangered species and essential fish habitat studies within the project area. The biologist will obtain updated T&E species lists for the project area from the US Fish and Wildlife Service (USFWS) and, if appropriate, NOAA Fisheries Service.
- 2.2.3.b If there are no T&E species or EFH within the project area or the proposed project would have no effect to any T&E species or no adverse effect on EFH within the project area, the biologists/botanist shall prepare and submit to FHWA a written finding documenting the finding and the basis for their conclusion.
- 2.2.3.c If there are T&E species within the project area and the project may affect these species, prepare and submit to FHWA a Biological Assessment (BA) following USFWS and/or NOAA guidelines.
- 2.2.3.d If the project may affect threatened or endangered species, FHWA will perform Section 7 consultation as appropriate with USFWS and NOAA Fisheries Service. If appropriate, include consultation for EFH.

A. PURPOSE OF THIS AGREEMENT:

This agreement documents the intent of the parties and sets forth the anticipated responsibilities of each party in the development, construction, and continued maintenance of the subject project. The purpose of the agreement is to identify and assign responsibilities for Project Development, Contract Advertisement, and Construction Administration as appropriate for this project, and to ensure continued maintenance of the facility for public use if improvements are made. The parties understand that any final decision as to design or construction will not be made until after the environmental analysis required under the National Environmental Policy Act (NEPA) is completed (this does not prevent the parties from assigning proposed design criteria to be studied in the NEPA process.) Any decision to proceed with the design and construction of the project will depend on the availability of appropriations at the time of obligation and other factors such as issues raised during the NEPA process, a natural disaster that changes the need for the project, a change in Congressional direction, or other relevant factors.

If Federal Lands Access Program (FLAP) funds are used for the development or construction of this project, Klamath County agrees to provide a matching share equal to 10.27% of the total cost of the project, as detailed more fully in Section J below. When agency(cies) other than FHWA-WFL will be expending FLAP funds, the parties agree to execute a separate obligating document. No reimbursement will be made for expenses incurred prior to execution of the obligating document.

B. AUTHORITY:

This Agreement is entered into between the signatory parties pursuant to the provisions of 23 U.S.C. 204.

C. JURISDICTION AND MAINTENANCE COMMITMENT:

Klamath County has jurisdictional authority to operate and maintain the existing facility and will operate and maintain the completed project at its expense.

D. FEDERAL LAND MANAGEMENT AGENCY COORDINATION:

Klamath County has coordinated project development with the USDA Forest Service—Fremont-Winema National Forest (US Forest Service). The US Forest Service support of the project is documented in the Project Proposal by endorsing the proposal.

Each party to this agreement who has a primary role in NEPA, design or construction should coordinate their activities with the Federal Land Management Agency.

E. PROJECT BACKGROUND / SCOPE:

General:

The proposed project along Westside Road, beginning at approximate Milepost (MP) 0.00 and would end at approximate MP 16.87. This project is located at approximate coordinates 42.668 N, 122.085 W.

The purpose of the project is to maintain good condition of the road pavement by optimizing the balance between preventative maintenance and capital expenditures. Chip seal applications help preserve existing surfaces, extending the life of the facility. The optimum rotation for chip seal applications in Klamath County is 5-6 years, and Westside Road will be in this window in 2022.

This project consists of a chip seal application along the average 32-foot wide existing chip seal surfaced Westside Road.

F. PROJECT BUDGET:

This is the anticipated budget for the project based on information developed to date. Federal Lands Access Program funds in conjunction with match provided by Klamath County will fund this project as detailed in Section K.

Phase	FLAP Funds			Partner Match		Total
	To FHWA	To K.C.	Total	From K.C.	Total	
PE	\$0	\$0	\$0	\$25,000	\$25,000	\$25,000
CN/CE	\$0	\$511,046	\$511,046	\$142,250	\$142,250	\$653,296

- Will be responsible for project activities identified in Section P.
- Will appoint a representative who will be the primary contact for FHWA-WFL’s Project Manager.
- Will provide appropriate match to all FLAP funds expended on the project even if the project is terminated prior to completion.
- Klamath County will be responsible for the acquisition of any rights-of-way and/or easements necessary to complete the project.
- Upon completion of construction, provide copies of final inspection demonstrating the project has been constructed in substantial conformity with the approved plans and specifications. Klamath County will provide written confirmation of its final acceptance of the constructed project.
- Will be responsible for terms and conditions as noted in 2 CFR 200 Common Rule Requirements & other legal requirements contained in Attachment 1.

FHWA-WFL

Design exceptions to standards, will be documented and sent to FHWA-WFL for approval in accordance with the Oregon Department of Transportation (ODOT) Highway Design Manual.

J. FUNDING:

The project is funded by the Federal Lands Access Program administered by FHWA-WFL, with match provided by Klamath County.

Funding Source	Amount	%	Comments
Federal Lands Access Funds	\$526,046	75.88%	Includes \$15,000 for WFL Stewardship & Oversight
Local Matching Share (Klamath County)	\$117,250	16.91%	In-kind match for materials
Additional Local Matching Share (Klamath County)	\$50,000	7.21%	In-kind match for services
Total Projected Costs	\$693,296		

K. MATCHING SHARE REQUIREMENTS:

The purpose of this section is to document the intent of Klamath County to meet its match requirement for the subject project as authorized under section 23 USC 201(b)(7)(B).

All FLAP expenditures associated with this project will need to be matched by a Non- Federal source, by other Federal funds other than those made available under Titles 23 and 49 of the United States Code, or by funds made available under 23 U.S.C. 202 and 203. The matching requirement under the FAST Act will be met by Klamath County.

Klamath County has committed to the project. The forms of match shall be those consistent with the 'Federal-Aid Guidance Non-Federal Matching Requirements' and as approved by FHWA-WFL. In the state of Oregon, 10.27% of the total project cost.

This project is authorized to use a Tapered Match. Under this approach, the non-Federal match is imposed over the entire project rather than individual progress payments. Timing of all fund transfers are specified in the Funding Plan. Tapered Match is authorized because it will result in an earlier completion date.

Estimated costs and fiscal year (FY) for the funding are based on the best budgeting and scheduling information known at the time. The final match will be determined based on actual expenditures at the conclusion of project work. Matching cash funds in FHWA-WFL receipt may need to be supplemented, or returned, once actual expenditures are determined. As noted under Modifications, if costs increase over the amount within this agreement, FHWA-WFL will consult with the agency(ies) providing Match before granting approval.

Maintain all project records, including source documentation for all expenditures and in-kind contributions, for a period of three (3) years from the date of final acceptance. If any litigation claim, negotiation, or audit has been started before expiration of the three-year period, the records shall be retained until completion of the action and resolution of all issues that arise from it.

The following agencies have agreed to contribute the amounts shown which will reduce the federal share by the same amount. The Funding Plan is as follows:

Agency	Phase	Form	Due	Value	Comments
Klamath County	CN	<i>In-Kind</i>	12/31/2023	\$117,250	For acquiring materials for chip sealing
Klamath County	PE/CN/CE	<i>In-Kind</i>	12/31/2023	\$50,000	PS&E prep; Patching and crack sealing; Contract admin.

It is the responsibility of the project team members to recognize when changes are needed and to make timely notifications to their management in order to avoid project delivery delays.

N. ISSUE RESOLUTION PROCEDURES MATRIX:

Issues should be resolved at the lowest level possible. The issue should be clearly defined in writing and understood by all parties. Escalating to the next level can be requested by any party. When an issue is resolved, the decision will be communicated to all levels below.

ATTACHMENT 1

2 CFR 200 Common Rule Requirements and other legal requirements

A. GENERAL TERMS AND CONDITIONS

Background. To promote accelerated and efficient delivery of projects that benefit Federal Land Management Agencies, the Secretary has exercised his discretion under 23 U.S.C. § 201(a) and § 204(a)(3) to apply Title 23 U.S.C. Chapter 1 requirements (Federal Aid requirements) to Federal Lands Access Projects delivered by State Departments of Transportation (DOTs) and local public agencies that are evaluated and certified by State DOTs to deliver Federal Aid projects. In instances where a local public agency is not certified to deliver Federal-aid projects and Federal Lands Access projects are delivered by the local public agency cooperatively with Federal Lands Highway Division office oversight, the government-wide Common Rule (2 CFR 200) will be applied. This cooperative relationship will enable the FLH to identify any federal law issues in cooperation with the local public agency which may arise in the project development and delivery process.

1. The Agreement provides funds on a reimbursable basis to the Servicing Agency for the project described in the Access Program Project Memorandum of Agreement.
2. The Government's liability to make payments to the Servicing Agency under the Agreement is limited to those funds obligated by the Government under the Agreement as indicated herein and by any subsequent amendments agreed to in writing by all parties.
3. The Servicing Agency agrees to abide by and comply with all terms and conditions of the Agreement and to abide by, and comply with, all requirements of applicable law, including those specified in this Attachment, which are considered as an integral part of the Agreement.
4. In the case of any inconsistency or conflict between the specific provisions of the Agreement and this Attachment, such inconsistency or conflict shall be resolved by giving preference to the Agreement.
5. The Servicing Agency shall be responsible for ensuring that the Project is designed and/or constructed in accordance with the Agreement, and all applicable Federal laws, regulations and policies of the Federal Highway Administration ("FHWA" also referred to herein as the "Government").
6. Reimbursement of costs incurred pursuant to the Agreement will be made pursuant to and in accordance with 2 CFR Part 200 and the provisions of such regulations and procedures as the Government may prescribe. Determination of allowable costs incurred by the Servicing Agency under the Agreement shall be made in accordance with applicable government-wide cost principles under 2 CFR 200. Closeout of the Agreement shall be based upon a determination that all applicable administrative actions and all required work of the Agreement have been completed in accordance with 2 CFR Part 200. Upon the Government's review of all financial, performance, and other reports required as a condition of the Agreement, the Government may make any upward or downward adjustments to the allowable costs in accordance with 2 CFR 200.
7. The Servicing Agency agrees to carry out and complete the Project without undue delays and in accordance with the terms of the Agreement, including the Project Schedule set out in the Agreement, or in the Access Program Project Memorandum of Agreement if no Schedule is included in this Agreement, and comply with such regulations and procedures as the Government may prescribe.
8. The Servicing Agency agrees to retain all documents relevant to the Project for a period of three years from completion of the Project and receipt of final reimbursement from the Government. The Servicing Agency agrees to furnish the Government, upon request, all documents and records pertaining to the Project.

9. The Government is subject to the Freedom of Information Act (FOIA). The Servicing Agency should therefore be aware that all materials submitted by the Servicing Agency related to the Agreement will become agency records and thus are subject to FOIA and to public release through individual FOIA requests.

10. The Government shall not be responsible or liable for any damage to property or any injury to persons that may arise from, or be incident to, performance or compliance with this the Servicing Agency's work under the Agreement. The Government will be responsible for damages or injuries caused by the negligence of its own employees, to the extent permitted under the Federal Tort Claims Act, 28 U.S.C. 2671-2680.

11. To the extent that the State has not already enacted legislation regarding texting while driving, the Government encourages the Servicing Agency to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers including policies that bar text messaging while driving company-owned or rented vehicles, or government-owned, leased, or rented vehicles or privately-owned vehicles when on official government business or when performing any work for or on behalf of the Government. See Executive Order 13513 "Federal Leadership on Reducing Text Messaging While Driving", Oct. 1, 2009 (available at <http://edocket.access.gpo.gov/2009/E9-24203.htm>) and DOT Order 3902.10 "Text Messaging While Driving", Dec. 30, 2009, as implemented by Financial Assistance Policy Letter (No. FAP-2010-01, Feb. 2, 2010, available at http://www.dot.gov/sites/dot.dev/files/docs/FAPL_2010-01.pdf) This includes, but is not limited to, the Servicing Agency:

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Servicing Agency, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Servicing Agency agrees with and gives the following Assurances with respect to its receipt of funds for this project:

1. The Servicing Agency agrees that each “activity,” “facility,” or “program,” as defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21 will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Servicing Agency will insert the following notification in all solicitations for bids and requests for proposals for work or materials, regardless of funding source:

3. The Servicing Agency will insert the clauses of Appendix A of this Assurance in every contract or agreement subject to the Acts and the Regulations.

5. That where the Servicing Agency receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Servicing Agency receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Servicing Agency will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Servicing Agency with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Servicing Agency or any transferee for the longer of the following periods:
 - a. the period during which the property is used for a purpose for which the Federal funds were extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Servicing Agency retains ownership or possession of the property.

10. The Servicing Agency agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing the Agreement, the Servicing Agency also agrees to comply (and require any sub- recipients, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing the FHWA's access to records, accounts, documents, information, facilities, and staff. The Servicing Agency also recognizes that it must comply with any program or compliance reviews, and/or complaint investigations conducted by the FHWA. The Servicing Agency must keep records, reports, and submit the material for review upon request to FHWA, or its designee in a timely, complete, and accurate way. Additionally, the Servicing Agency must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The Servicing Agency gives this ASSURANCE in consideration of and for obtaining any Federal funds, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation.

1. Instructions for Certification – First Tier Participants:

- a. The prospective first tier participant is providing the certification set out below.
- b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default.

The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
