**EXHIBIT A**

**Audit - Government Auditing Standards (no compliance audit)**

This Exhibit A confirms our acceptance and understanding of the terms and objectives of our engagement, and limitations of the services that Moss Adams LLP (“Moss Adams,” “we,” “us,” and “our”) will provide to Klamath County, Oregon (“County,” “you,” and “your”) acting by and through the Klamath County Finance Department.

**Scope of Services**

In this engagement, we will perform the following services as of and for the years ending June 30, 2023, June 30, 2024, and June 30 2025, with possibility for two additional one-year terms upon mutual agreement of the parties.

1. Audit the financial statements of the County. We will also report on whether the supplementary information including the schedule of expenditures of federal awards, presented as supplementary information, is fairly stated, in all material respects, in relation to the financial statements as a whole.
2. Report on the Minimum Standards for Audits of Oregon Municipal Corporations prescribed by the Secretary of State.
3. Uniform guidance audit in accordance with the provisions of the U.S Office of Management and Budget’s Uniform Guidance.
4. Technical review of the County prepared Annual Comprehensive Financial Report (ACFR) for compliance with generally accepted accounting principles and requirements of the GFOA Certificate of Excellence Program, if applicable.

Accounting standards generally accepted in the United States of America provide for certain required supplementary information (“RSI”), such as management’s discussion and analysis, to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Government’s RSI in accordance with auditing standards generally accepted in the United States of America. We will not express an opinion or provide assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide assurance. The following RSI will be subjected to certain limited procedures, but will not be audited:

- 1) Management’s discussion and analysis
- 2) Pension schedules
- 3) Other postemployment benefit plan schedules

**Timing**

Amanda McCleary-Moore is responsible for supervising the engagement and authorizing the signing of the reports.

Our scheduling depends on your completion of the year-end closing and adjusting process prior to our arrival to begin the fieldwork. We may experience delays in completing our services due to your staff’s unavailability or delays in your closing and adjusting process. You understand our fees are subject to adjustment if we experience these delays in completing our services.

**Reporting**

We will issue written reports upon completion of our audit of the County’s financial statements. Our reports will be addressed to the Board of Commissioner of the County. We cannot provide assurance that an unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the

CONTRACT FOR PROFESSIONAL SERVICES**

engagement. Our services will be concluded upon delivery to you of our report on your financial statements.

**Objectives of the Audit**

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The objectives of our audit are also to obtain reasonable assurance about whether the County has complied with applicable federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major federal program.

The objectives also include reporting on the following:

- Internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*.
- Internal control over compliance related to major federal programs and on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and the audit requirements contained in OMB Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

The reports on internal control and compliance will each include a statement that the purpose of the report is solely to: describe the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of the entity's internal control over financial reporting or on compliance; describe the scope of testing internal control over compliance for major federal programs and major federal program compliance and the result of that testing and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance; that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control over financial reporting and compliance and the OMB Uniform Guidance in considering internal control over compliance and major federal program compliance; and, accordingly, it is not suitable for any other purpose.

The objectives of our audit are also to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**The Auditor's Responsibility**

We will conduct our audit in accordance with U.S. GAAS; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the audit provisions of the OMB Uniform Guidance. As part of an audit conducted in accordance with U.S. GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control or to identify deficiencies in the design or operation of internal control. However, we will communicate to you in writing concerning any significant deficiencies or material

**KLAMATH COUNTY, OREGON**  
**CONTRACT FOR PROFESSIONAL SERVICES**

weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosure, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time

In accordance with the OMB Uniform Guidance we also:

Determine major program(s)

Identify and assess the risks of material noncompliance, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion on compliance with applicable federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major federal program.

Obtain an understanding of internal control over compliance that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program in order to design audit procedures that are appropriate in the circumstances. We will perform tests of controls to evaluate the effectiveness of the design and operation of such controls, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance or to identify deficiencies in the design or operation of internal control over compliance. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control over compliance that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program that we have identified during the audit.

The supplementary information will be subject to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves.

If our opinion on the financial statements or on compliance is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion we may decline to express an opinion or to issue a report as a result of this engagement.

Our procedures may include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of certain receivables and certain other assets, liabilities and transaction details by correspondence with selected individuals, funding sources, creditors, and financial institutions. We may also request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from management about the financial statements and supplementary information and related matters. Management's failure to provide representations to our satisfaction will preclude us from issuing our reports.

An audit includes examining evidence, on a test basis, supporting the amounts and disclosures in the financial statements. Therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. Material misstatements may include errors, fraudulent financial reporting, misappropriation of assets, or noncompliance with the provisions of laws, regulations, contracts, and grant agreements that are attributable to the entity or to acts by management or employees acting on behalf of the entity that may have a direct financial statement impact. Pursuant to *Government Auditing Standards*, we will not provide reasonable assurance of detecting abuse. As required by the Single Audit Act Amendments of 1996 and the audit provisions of the OMB Uniform Guidance, our audit will include tests of transactions related to major federal award programs for compliance with applicable federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk exists that some material misstatements and noncompliance may not be detected, even though

**KLAMATH COUNTY, OREGON  
CONTRACT FOR PROFESSIONAL SERVICES**

the audit is properly planned and performed in accordance with U.S. GAAS, *Government Auditing Standards*, and the OMB Uniform Guidance. An audit is not designed to detect immaterial misstatements or noncompliance with the provisions of laws, regulations, contracts, and grant agreements that do not have a direct and material effect on the financial statements or noncompliance with the provisions of federal statutes, regulations, and the terms and condition of federal awards that do not have a direct and material effect on major federal programs. However, we will inform you of any material errors, fraudulent financial reporting, misappropriation of assets, and noncompliance with the provisions of laws, federal statutes, regulations, contracts grant agreements and federal awards that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any time period for which we are not engaged as auditors.

We may assist management in the preparation of the County's financial statements and supplementary information. Regardless of any assistance we may render, all information included in the financial statements and supplementary information remains the representation of management. We may issue a preliminary draft of the financial statements and supplementary information to you for your review. Any preliminary draft financial statements and supplementary information should not be relied upon, reproduced or otherwise distributed without the written permission of Moss Adams.

**Procedures and Limitations—Internal Control**

Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from noncompliance with the provisions of laws, regulations, contract and grant agreements and other noncompliance matters that have a direct and material effect on the financial statements.

Our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the OMB Uniform Guidance.

**Procedures and Limitations—Compliance**

Our audit will be conducted in accordance with the standards referred to in the section titled "Objectives of the Audit." As part of obtaining reasonable assurance about whether the financial statements are free from material misstatement, we will perform tests of the County's compliance with the provisions of laws, regulations, contracts, and grant agreements that may have a direct and material effect on the financial statements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Our procedures will consist of the applicable procedures described in the OMB Compliance Supplement for the types of compliance requirements that could have a direct and material effect on each of your major federal programs. The purpose of those procedures will be to express an opinion on the County's compliance with requirements applicable to each of its major federal programs in our report on compliance issued pursuant to the OMB Uniform Guidance.

**Management's Responsibility for Financial Statements, Internal Control, and Federal Award Compliance**

As a condition of our engagement, management acknowledges and understands that management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America. We may advise management about appropriate accounting principles and their application and may assist in the preparation of your financial statements, including the schedule of expenditures of federal awards, but management remains responsible for the financial statements and the schedule of expenditures of federal awards. Management also acknowledges and understands that management is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud. This responsibility includes the maintenance of adequate records, the selection and application of accounting principles, and the safeguarding of assets.

You are responsible for informing us about all known or suspected fraud affecting the County involving: (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. You are responsible for informing us of your knowledge of any allegations of fraud or suspected fraud affecting the County received in communications from employees, former employees, grantors, regulators, or others. In addition, management is responsible for identifying and ensuring that the County complies with applicable laws and regulations and for taking timely and appropriate steps to remedy any fraud or noncompliance with the provisions of laws, regulations, contract, and grant agreements, that we may report.

Management is responsible for adjusting the financial statements to correct material misstatements and for confirming to us in the management representation letter that the effects of any uncorrected misstatements

CONTRACT FOR PROFESSIONAL SERVICES**

aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements as a whole.

Management is responsible for establishing and maintaining internal control and for compliance with federal statutes, regulations, and the terms and conditions of federal awards and for identifying and ensuring that the County complies with such provisions. Management is also responsible for informing us of any significant contractor relationships in which the contractor is responsible for program compliance. Management is also responsible for addressing the audit findings and recommendations, establishing and maintaining a process to track the status of such findings and recommendations, and taking timely and appropriate steps to remedy any fraud and noncompliance with federal statutes, regulations, and the terms and conditions of federal awards or abuse that we may report. Additionally, as required by the OMB Uniform Guidance, it is your responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan.

Management is responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. Management agrees that as a condition of our engagement, management will provide us with:

- access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, whether obtained from within or outside of the general and subsidiary ledgers (including all information relevant to the preparation and fair presentation of disclosures), such as records, documentation, and other matters;
- additional information that we may request from management for the purpose of the audit; and
- unrestricted access to persons within the County from whom we determine it necessary to obtain audit evidence.

**Management's Responsibility to Notify Us of Affiliates**

Our professional standards require that we remain independent of the County as well as any "affiliate" of the County. Professional standards define an affiliate as follows:

- a fund, component unit, fiduciary activity or entity that the County is required to include or disclose, and is included or disclosed in its basic financial statements, in accordance with generally accepted accounting principles (U.S. GAAP);
- a fund, component unit, fiduciary activity or entity that the County is required to include or disclosed in its basic financial statements in accordance with U.S. GAAP, which is material to the County but which the County has elected to exclude, and for which the County has more than minimal influence over the entity's accounting or financial reporting process;
- an investment in an investee held by the County or an affiliate of the County, where the County or affiliate controls the investee, excluding equity interests in entities whose sole purpose is to directly enhance the County's ability to provide government services;
- an investment in an investee held by the County or an affiliate of the County, where the County or affiliate has significant influence over the investee and for which the investment is material to the County's financial statements, excluding equity interests in entities whose sole purpose is to directly enhance the County's ability to provide government services

In order to fulfill our mutual responsibility to maintain auditor independence, you agree to notify Moss Adams of any known affiliate relationships, to the best of your knowledge and belief. Additionally, you agree to inform Moss Adams of any known services provided or relationships between affiliates of the County and Moss Adams or any of its employees or personnel.

**Management's Responsibility for Supplementary Information**

Management is responsible for the preparation of the supplementary information in accordance with the applicable criteria. Management agrees to include the auditor's report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information. Management is responsible to present the supplementary information with the audited financial statements or, if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by the entity of the supplementary information and the auditor's report thereon. For purposes of this Agreement, audited financial statements are deemed to be readily available

**KLAMATH COUNTY, OREGON  
CONTRACT FOR PROFESSIONAL SERVICES**

if a third party user can obtain the audited financial statements without any further action by management. For example, financial statements on your Web site may be considered readily available, but being available upon request is not considered readily available.

**Other Information Included in an Annual Report**

When financial or nonfinancial information, other than financial statements and the auditor's report thereon, is included in an entity's annual report, management is responsible for that other information. Management is also responsible for providing the document(s) that comprise the annual report to us as soon as it is available.

Our opinion on the financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon. Our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the audited financial statements. If we identify that a material inconsistency or misstatement of the other information exists, we will discuss it with you; if it is not resolved U.S. GAAS requires us to take appropriate action.

**Key Audit Matters**

U.S. GAAS does not require the communication of key audit matters in the audit report unless engaged to do so. You have not engaged us to report on key audit matters, and the Agreement does not contemplate Moss Adams providing any such services. You agree we are under no obligation to communicate key audit matters in the auditor's report.

If you request to engage Moss Adams to communicate key audit matters in the auditor's report, before accepting the engagement we would discuss with you the additional fees to provide any such services, and the impact to the timeline for completing the audit.

**Dissemination of Financial Statements**

Our report on the financial statements must be associated only with the financial statements that were the subject of our engagement. You may make copies of our report, but only if the entire financial statements (including related footnotes and supplementary information, as appropriate) are reproduced and distributed with our report. You agree not to reproduce or associate our report with any other financial statements, or portions thereof, that are not the subject of this engagement.

**Offering of Securities**

This Agreement does not contemplate Moss Adams providing any services in connection with the offering of securities, whether registered or exempt from registration, and Moss Adams will charge additional fees to provide any such services. You agree not to incorporate or reference our report in a private placement or other offering of your equity or debt securities without our express written permission. You further agree we are under no obligation to reissue our report or provide written permission for the use of our report at a later date in connection with an offering of securities, the issuance of debt instruments, or for any other circumstance. We will determine, at our sole discretion, whether we will reissue our report or provide written permission for the use of our report only after we have conducted any procedures we deem necessary in the circumstances. You agree to provide us with adequate time to review documents where (a) our report is requested to be reissued, (b) our report is included in the offering document or referred to therein, or (c) reference to our firm is expected to be made. If we decide to reissue our report or provide written permission to the use of our report, you agree that Moss Adams will be included on each distribution of draft offering materials and we will receive a complete set of final documents. If we decide not to reissue our report or withhold our written permission to use our report, you may be required to engage another firm to audit periods covered by our audit reports, and that firm will likely bill you for its services. While the successor auditor may request access to our engagement documentation for those periods, we are under no obligation to permit such access.

**Changes in Professional or Accounting Standards**

To the extent that future federal, state, or professional rule-making activities require modification of our audit approach, procedures, scope of work, etc., we will advise you of such changes and the impact on our fee estimate. If we are unable to agree on the additional fees, if any, that may be required to implement any new accounting and auditing standards that are required to be adopted and applied as part of our engagement, we may terminate this Agreement as provided herein, regardless of the stage of completion.

**KLAMATH COUNTY, OREGON  
CONTRACT FOR PROFESSIONAL SERVICES**

**Representations of Management**

During the course of our engagement, we may request information and explanations from management regarding, among other matters, the County's operations, internal control, future plans, specific transactions, and accounting systems and procedures. At the conclusion of our engagement, we will require, as a precondition to the issuance of our report, that management provide us with a written representation letter confirming some or all of the representations made during the engagement. The procedures that we will perform in our engagement will be heavily influenced by the representations that we receive from management. Accordingly, false representations could cause us to expend unnecessary efforts or could cause a material error or fraud to go undetected by our procedures. In view of the foregoing, you agree that we will not be responsible for any misstatements in the County's financial statements and supplementary information that we fail to detect as a result of false or misleading representations, whether oral or written, that are made to us by the County's management. While we may assist management in the preparation of the representation letter, it is management's responsibility to carefully review and understand the representations made therein.

In addition, because our failure to detect material misstatements could cause others relying upon our audit report to incur damages, the County further agrees to indemnify and hold us harmless from any liability and all costs (including legal fees) that we may incur in connection with claims based upon our failure to detect material misstatements in the County's financial statements and supplementary information resulting in whole or in part from knowingly false or misleading representations made to us by any member of the County's management.

**Subpoena or Other Release of Documents**

As a result of our services to you, we may be required or requested to provide information or documents to you or a third-party in connection with governmental regulations or activities, or a legal, arbitration or administrative proceeding (including a grand jury investigation), in which we are not a party. You may, within the time permitted for our firm to respond to any request, initiate such legal action as you deem appropriate to protect information from discovery. If you take no action within the time permitted for us to respond or if your action does not result in a judicial order protecting us from supplying requested information, we will construe your inaction or failure as consent to comply with the request. Our efforts in complying with such requests or demands will be deemed a part of this engagement and we shall be entitled to additional compensation for our time and reimbursement for our out-of-pocket expenditures (including legal fees) in complying with such request or demand.

**Document Retention Policy**

At the conclusion of this engagement, we will return to you all original records you supplied to us. Your Company records are the primary records for your operations and comprise the backup and support for the results of this engagement. Our records and files, including our engagement documentation whether kept on paper or electronic media, are our property and are not a substitute for your own records. Our firm policy calls for us to destroy our engagement files and all pertinent engagement documentation after a retention period of seven years (or longer, if required by law or regulation), after which time these items will no longer be available. We are under no obligation to notify you regarding the destruction of our records. We reserve the right to modify the retention period without notifying you. Catastrophic events or physical deterioration may result in our firm's records being unavailable before the expiration of the above retention period.

Except as set forth above, you agree that Moss Adams may destroy paper originals and copies of any documents, including, without limitation, correspondence, agreements, and representation letters, and retain only digital images thereof.

**Use of Electronic Communication**

In the interest of facilitating our services to you, we may communicate by facsimile transmission or send electronic mail over the Internet. Such communications may include information that is confidential. We employ measures in the use of electronic communications designed to provide reasonable assurance that data security is maintained. While we will use our best efforts to keep such communications secure in accordance with our obligations under applicable laws and professional standards, you recognize and accept we have no control over the unauthorized interception of these communications once they have

**KLAMATH COUNTY, OREGON  
CONTRACT FOR PROFESSIONAL SERVICES**

been sent. Unless you issue specific instructions to do otherwise, we will assume you consent to our use of electronic communications to your representatives and other use of these electronic devices during the term of this Agreement as we deem appropriate.

**Use of Moss Adams' Name**

The County may not use any of Moss Adams' name, trademarks, service marks or logo in connection with the services contemplated by this Agreement or otherwise without the prior written permission of Moss Adams, which permission may be withheld for any or no reason and may be subject to certain conditions.

**Use of Nonlicensed Personnel**

Certain engagement personnel who are not licensed as certified public accountants may provide services during this engagement.

**Use of Subcontractor and Affiliate**

We may retain subcontractors and/or our affiliate, Moss Adams (India) LLP, to assist us in providing our services to you. These entities may collect, use, transfer, store, or otherwise process information provided by you or on your behalf ("Client information") in the domestic and foreign jurisdictions in which they operate. All of these entities are required to protect the confidentiality of any Client information to which they have access in the course of their work. We will be responsible for their performance in accordance with the terms of this Agreement.

**Hiring of Employees**

Any offer of employment to members of the audit team prior to issuance of our report may impair our independence, and as a result, may result in our inability to complete the engagement and issue a report.

**Mutual Waiver of COVID-19 Claims**

This provision addresses issues regarding the novel coronavirus ("COVID-19"). The Parties acknowledge their respective understanding of the hazards of COVID-19, including, but not limited to, its highly contagious nature and the corresponding health risks associated with being exposed to or infected by COVID-19. Each Party agrees to waive, release, discharge, and covenants not to sue the other Party or its affiliates and its and their respective officers, directors, partners, principals, employees, agents, or subcontractors from any and all claims, damages, expense, liability, illness or losses that may occur from exposure to or infection by COVID-19 arising out of, related to, or in any way connected with the professional services provided by Moss Adams.
