8. Commissioner Reports

Commissioner DeGroot: Had meeting with City and South Suburban Sanitary District regarding proposed Ordinance that would require and land applied discharge water to be

class "A", was a productive meeting. Numerous Zoom calls last week: AOC Veterans Committee as CO-Chair discussion regarding future priorities, Another meeting regarding Solar Pilot Program (Payment in Lieu of Taxes), that program is sunsetting this year, discussion whether the program should continue and what it should look like. Additionally, attended a meeting at Fairgrounds with local citizens regarding their concerns and it turned into a mask debate, I can assure you I am not the mask police. Is very disappointed on that people are choosing to treat others badly due to what is going on politically etc. hopes people make the choice to treat people with kindness/respect whether you agree with them or not.

Commissioner Morris: Agrees with Commissioner DeGroot, indicates it's important for leaders to listen to citizens regarding all points of views whether they agree or not, that is our job. Child Care Co-Op is up and running, very exciting, still plenty of room.
