Brief Description of Project including date, time and location:  _______________________________________

The Klamath Snowflake Festival is a 2+ week schedule of holiday events put on by local non-profit and
for profit organizations. Including the evening Snowflake Parade, these events draw countless people
from all over Southern Oregon and Northern California. Having our website www.KlamathSnowflake.com
is essential to advertise year round for the Festival. Our goal is to create a niche event for Klamath Falls
every year, similar to how Pear Blossom Festival or the Rose Festival or even the Mosquito Festival have
created additional tourism to the Rogue Valley, Portland and even Paisley. The date of the Festival
begins typically the Saturday after Thanksgiving and extends through the following two weekends.
Events include: Quota Bazaar; Visits with Santa; Christmas Tree Jubilee; Snowflake Dinner & Dance;
Handbell Ringers Concert; Gingerbread House competition; Ugly Sweater 5k Run, just to name a few.

The undersigned, as proposer, declares that he/she has carefully examined the requirements of
the Klamath County Tourism Grant Application packet and agrees, if the application is funded,
that proposer will enter into an agreement with Klamath County to furnish the services as
specified, in accordance with the grant application attached.

PROJECT DESCRIPTION
Provide a detailed description of the project and activities.

A yearly winter festival held in Klamath Falls, Oregon. In 2015 dates are November 28 through December 13. We coordinate 25-30 events, mostly for non-profit organizations for the Festival.

PROJECT GOALS
How many out of county visitors do you expect to attract to the project? How will you track the number of out of county visitors versus the number of locals?

We expect to see 5000-7000 out of county visitors during the two week festival. Tracking can be done through our Facebook Page, our Website Page plus counters on sites we are placing our advertisements (Wynne Broadcasting; Basin Mediactive; Newswatch 12).

PROJECT PLAN
How will you give credit to Klamath County for its support in our event or project?
Discover Klamath will be listed as a Major Sponsor for this year’s Snowflake Festival. All sponsors will be listed equally in all advertising. The Snowflake Festival will publish an advertisement thanking all sponsors, event holders, volunteers and donors in the Herald and News or The Nickel newspaper at the end of the Festival.
Provide a detailed timeline of your marketing efforts leading up to the event or project including out of county marketing.

We launched a new Klamath Snowflake Facebook site (SnowflakeFestivalkf) in March 2015 and our new website www.klamathsnowflake.com in July. Both have been increasing in viewership and as the Festival Event Schedule evolves, updates can be found on both sites. Also, we’ll begin our print media advertising campaign about three weeks before Thanksgiving week. Additional website advertising will occur on Newswatch 12 website and other event sites. We anticipate running the television spot about two weeks before and then the radio ads will begin about a week before Thanksgiving. The Festival begins the weekend following Thanksgiving. We will continue advertising on all platforms throughout the Festival.

Describe your target market/audience.

All ages. The Festival has events that target all ages.

How will you measure attendance in drawing out of county visitors to the project?

We will primarily determine the success of the entire Festival by the total success of the individual events held.

List your potential sponsors and partners and how they contribute to the event or project.

Each of the following sponsors have contributed a $500 sponsorship fee, or have arranged for an “in-kind” donation of services or discounts. The funds collected are used for the promotion and support of the Klamath Snowflake Festival.

RE: Snowflake Festival

To Whom It May Concern:

I would like to express my support for the Snowflake Festival in Klamath Falls. Every year the Festival supports many needful organizations with holiday events that bring the whole community together. It is wonderful to see the children experience the festivities. Having a website to find all the information about the Snowflake Festival makes it easier. I’m excited they have a new website and hope they can continue to bring us the upcoming information about the Festival for all of us be able to enjoy.

Sincerely,

Re: Snowflake Festival Advertising

Dear Mr. Phillips,
If you made a list of the events the entire community looks forward to all year – at the top of that list you will find the Snowflake Festival.

This festival brings the community together in the spirit of the upcoming holidays no matter what religion, race or preference you may have. Everyone enjoys their time downtown watching the tree lighting, looking for Santa sightings, viewing the gingerbread houses and a number of other events.

What the community does need is for you to ensure that you have made every attempt to keep the information out where the public can easily access it at any time of the day. Radio and TV ads are only good for the time they are played. A printed ad can be lost. With technology being what it is these days, the internet is a vital part of any advertising plan – especially for something with the time duration and variety of events as the Snowflake Festival.

Please be sure that the Snowflake Festival’s website is kept up to date and available at all times. I’ve already had questions about when certain events will take place, so we need to be sure it is out there as soon as possible!

Sincerely,

Heather Crowder
Executive Officer, Klamath Basin HBA
To:

In reference to the 2015 Klamath Snowflake Festival [klamathsnowflake.com]
