Klamath County Building Department Presents:

Porches, Patios, and Decks

When you need just the right outdoor space to relax and enjoy nature.

You do not need a building permit* if your residential deck/patio/porch is:

• At least three feet from the property lines
• Less than 30" above adjacent grade from the deck/patio/porch floor and its cover is either:
  • Supported by an exterior wall (if stick built home)
  or
  • Freestanding (if manufactured dwelling)

*Note: You’ll still need to talk to City or County Planning

Applications for Building Permits are Available Online
