

Klamath County Public Health

Oregon COVID-19 update August 26, 2020

4 pages

Data current as of 8/26/2020, 12:01 a.m. Updated Monday - Friday.*	
Total cases	25,571¹
Total deaths	433
Positive tests	24,289
Negative tests	507,167
Total tested	531,456

* For daily counts of cases, deaths and negative tests on weekends, please see our weekend press releases [available here](#).

¹Includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and close contact with a laboratory confirmed case. Antibody test results are **not** included in our data.

Age group	Cases ¹	Percent	Ever hospitalized ⁴	Deaths ²
0 to 9	1197	5%	22	0
10 to 19	2630	10%	26	0
20 to 29	5515	22%	137	1
30 to 39	4521	18%	178	4
40 to 49	4215	16%	238	7
50 to 59	3253	13%	342	26
60 to 69	2076	8%	403	74
70 to 79	1241	5%	402	110
80 and over	894	3%	310	211
Not available	29	0%	5	0
Total	25571	100%	2063	433

Sex	Cases ¹	Percent	Deaths ²	Percent
Female	13272	52%	186	43%
Male	12227	48%	247	57%
Non-binary	3	0%	0	0%
Not available	69	0%	0	0%
Total	25571	100%	433	100%

Hospitalized ⁴	Cases ¹	Percent
Yes	2063	8%
No	20757	81%
Not provided	2751	11%
Total	25571	100%

Hospital capacity and usage⁵	Available	Total staffed
Adult ICU beds	154	694
Adult non-ICU beds	715	4370
Pediatric NICU/PICU beds	80	324
Pediatric non-ICU beds	80	334
Ventilators	773	

COVID-19 details⁵	Patients with suspected or confirmed COVID-19	Only patients with confirmed COVID-19
Current hospitalized patients	140	99
Current patients in ICU beds	48	42
Current patients on ventilators	26	25

Testing by Oregon State Public Health Laboratory	
Specimens received at OSPHL yesterday	302
Test results released by OSPHL yesterday	116
Specimens pending at OSPHL as of 8:00 p.m. yesterday	273
Total persons tested for COVID-19 at OSPHL since 2/28/2020	20,999
<i>Total persons tested at other laboratories</i>	<i>510,457</i>
<i>Total persons tested</i>	<i>531,456</i>

County	Cases ¹	Deaths ²	Negatives ³
Baker	67	2	1334

Wheeler	0	0	149
Yamhill	606	14	13758
Total	25571	433	507167

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. Antibody test results are **not** included in our data. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please [refer to our press releases](#).

³This includes cases who test negative and are not epi-linked to a confirmed case.

⁴Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

⁵As reported to Oregon's Hospital Capacity Web System (HOSCAP). Every hospital in Oregon is asked to submit data twice daily HOSCAP. Hospital staff are asked to enter bed capacity information, by type, as well as the numbers of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in OPERA due to case reporting and investigation lags and temporary discrepancies in case classification.

Notes:

1. Because community transmission is occurring in Oregon and recommendations on [social or physical distancing](#) are in place, as of March 17, 2020, we no longer report daily counts of persons under monitoring.
2. Confirmation by CDC of laboratory results from the Oregon State Public Health Laboratory is no longer required; therefore as of March 15, 2020, we no longer note the number of CDC-confirmed cases.
3. Reporting of travel history is not available for cases reported to OHA by commercial laboratories; therefore as of March 15, 2020, we no longer include information about travel history.
4. As of March 25, 2020, we are including the number of pending test results available from the Oregon State Public Health Laboratory (OSPHL). The OSPHL serves as the first source of testing during an outbreak and as commercial labs come online, OSPHL increases focus on priority testing. Commercial labs have the ability to conduct testing on an industrial scale, but do not report pending results, therefore we only include pending results from OSPHL.
5. As of March 26, 2020, OHA is releasing a COVID-19 Daily Update (formerly called the Situational Status Report). Previous updates are posted on [OHA's COVID-19 News page](#).
