

Klamath County Public Health

Oregon COVID-19 update September 3, 2020

4 pages

Data current as of 9/3/2020, 12:01 a.m. Updated Monday - Friday.*	
Total cases	27,336¹
Total deaths	470
Positive tests	26,015
Negative tests	543,789
Total tested	569,804

* For daily counts of cases, deaths and negative tests on weekends, please see our weekend press releases [available here](#).

¹Includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and close contact with a laboratory confirmed case. Antibody test results are **not** included in our data.

Age group	Cases ¹	Percent	Ever hospitalized ⁴	Deaths ²
0 to 9	1276	5%	22	0
10 to 19	2813	10%	27	0
20 to 29	5931	22%	149	3
30 to 39	4811	18%	185	4
40 to 49	4499	16%	256	8
50 to 59	3475	13%	361	30
60 to 69	2215	8%	422	78
70 to 79	1324	5%	419	122
80 and over	975	4%	334	225
Not available	17	0%	0	0
Total	27336	100%	2175	470

Sex	Cases ¹	Percent	Deaths ²	Percent
Female	14132	52%	198	42%
Male	13120	48%	272	58%
Non-binary	3	0%	0	0%
Not available	81	0%	0	0%
Total	27336	100%	470	100%

Hospitalized ⁴	Cases ¹	Percent
Yes	2175	8%
No	22279	82%
Not provided	2882	11%
Total	27336	100%

Hospital capacity and usage⁵	Available	Total staffed
Adult ICU beds	171	740
Adult non-ICU beds	709	4377
Pediatric NICU/PICU beds	60	323
Pediatric non-ICU beds	90	333
Ventilators	775	

COVID-19 details⁵	Patients with suspected or confirmed COVID-19	Only patients with confirmed COVID-19
Current hospitalized patients	133	87
Current patients in ICU beds	43	32
Current patients on ventilators	26	24

Testing by Oregon State Public Health Laboratory	
Specimens received at OSPHL yesterday	461
Test results released by OSPHL yesterday	48
Specimens pending at OSPHL as of 8:00 p.m. yesterday	489
Total persons tested for COVID-19 at OSPHL since 2/28/2020	22,056
<i>Total persons tested at other laboratories</i>	<i>547,748</i>
<i>Total persons tested</i>	<i>569,804</i>

County	Cases ¹	Deaths ²	Negatives ³
Baker	77	2	1387
Benton	217	6	10787
Clackamas	2003	56	52381
Clatsop	96	0	4890

Wheeler	0	0	155
Yamhill	649	14	14736
Total	27336	470	543789

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. Antibody test results are **not** included in our data. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please [refer to our press releases](#).

³This includes cases who test negative and are not epi-linked to a confirmed case.

⁴Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

⁵As reported to Oregon's Hospital Capacity Web System (HOSCAP). Every hospital in Oregon is asked to submit data twice daily HOSCAP. Hospital staff are asked to enter bed capacity information, by type, as well as the numbers of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in OPERA due to case reporting and investigation lags and temporary discrepancies in case classification.

Notes:

1. Because community transmission is occurring in Oregon and recommendations on [social or physical distancing](#) are in place, as of March 17, 2020, we no longer report daily counts of persons under monitoring.
2. Confirmation by CDC of laboratory results from the Oregon State Public Health Laboratory is no longer required; therefore as of March 15, 2020, we no longer note the number of CDC-confirmed cases.
3. Reporting of travel history is not available for cases reported to OHA by commercial laboratories; therefore as of March 15, 2020, we no longer include information about travel history.
4. As of March 25, 2020, we are including the number of pending test results available from the Oregon State Public Health Laboratory (OSPHL). The OSPHL serves as the first source of testing during an outbreak and as commercial labs come online, OSPHL increases focus on priority testing. Commercial labs have the ability to conduct testing on an industrial scale, but do not report pending results, therefore we only include pending results from OSPHL.
5. As of March 26, 2020, OHA is releasing a COVID-19 Daily Update (formerly called the Situational Status Report). Previous updates are posted on [OHA's COVID-19 News page](#).
