Central Eastern Southern Oregon
Region 7 COVID-19 Situation Update
March 25, 2021

COVID-19 Updates as of Today:
Data as of 3/25/21, 12:01AM Pacific Time

Region 7 COVID-19 Cases:
- 799 in Crook County (increased by 9 since last Thursday)
- 6,245 in Deschutes County (increased by 98 since last Thursday)
- 266 in Grant County (increased by 10 since last Thursday)
- 283 in Harney County (increased by 1 since last Thursday)
- 2,005 in Jefferson County (increased by 8 since last Thursday)
- 2,936 in Klamath County (increased by 41 since last Thursday)
- 399 in Lake County (increased by 7 since last Thursday)
- 25 in Wheeler County (remained the same since last Thursday)

Region 7 COVID-19 Deaths:
- 18 in Crook County
- 70 in Deschutes County
- 3 in Grant County
- 6 in Harney County
- 31 in Jefferson County
- 56 in Klamath County
- 6 in Lake County
- 1 in Wheeler County

Since last Thursday, Oregon Health Authority reported that the total/cumulative number of known COVID-19 cases statewide increased by 2,239, bringing the total in Oregon to 162,806. There were 17 new COVID-19 deaths reported, bringing the total number of COVID-19 deaths in Oregon to 2,370.

- CDC reports there are >29.8 million cases of COVID-19 in the United States.

Worldwide case counts are >124.5 million.

COVID-19 Oregon Highlights

- The Oregon Health Authority released its COVID-19 Weekly Report. For the week of Monday, March 15 through Sunday, March 21, OHA recorded a 15% decrease from the previous week’s daily new cases count. Hospitalizations increased from the previous week.
Governor Kate Brown announces updates to county risk levels effective March 26 through April 8, there will be two counties in the Extreme Risk level, six at High Risk, 14 at Moderate Risk, and 14 at Lower Risk. See the State of Oregon news release.

Oregon Health Authority announces twenty Oregon counties have now submitted attestation letters signaling their intention to immediately offer COVID-19 vaccinations to expanded eligibility groups. See the Oregon Health Authority news release.

COVID-19 Situation in Region 7

(Click here for source: Oregon Health Authority Situation in Oregon)

The graph below shows the number of COVID-19 cases from Crook, Deschutes, Grant, Harney, Jefferson, Klamath, Lake, and Wheeler County each calendar week beginning the week of 3/1/20-3/7/20 (when the first cases were identified in Region 7).

Data for this week is not yet shown. This graph will be updated weekly to show the number of COVID-19 cases identified each week in Region 7.

This graph shows data based on the date a case first became identified as a case, which is the date Oregon Health Authority (OHA) uses for school metrics, public health indicator metrics, and other tracking purposes. This date differs from the date OHA reports a case publicly in news releases.
COVID-19 Vaccination Trends

We know it will take some time before every Oregonian who wants to get the vaccine can get their two shots, Oregon Health Authority will follow a phased approach.

Oregon’s COVID-19 Risk Levels

This map shows the indicator OHA is tracking to monitor COVID-19 risk in Oregon counties. As counties begin to open back up, we want to be sure the risk of COVID-19 in Oregon remains low enough to keep Oregonians safe. For more information, visit the OHA Public Health Indicators dashboard. This dashboard is updated weekly.

COVID-19 School Metrics Data

Oregon public health officials have developed metrics to help school boards and school districts make decisions about how they can safely reopen schools. School reopening decisions are based on these metrics.

More details about the use of public health metrics in school reopening can be found on the ODE’s Ready Schools, Safe Learners information page.
Region 7 Large County Two-week Case Rate per 100,000 Population

Region 7 Two Week Test Positivity
COVID-19 Situation in Oregon

- Oregon COVID-19 Cases: 162,806
- Oregon COVID-19 Deaths: 2,370
- Total number of tests for COVID-19: 4,112,003

Oregon data is as of 3/25/21, 12:01AM Pacific Time. Information on case counts and deaths for all Oregon counties, as well as demographic information for all Oregon cases and deaths, can be found on Oregon Health Authority's COVID-19 page.

COVID-19 Situation in California

- California COVID-19 Cases: 3,553,307 cases
- California COVID-19 Deaths: 57,091 deaths

California data is as of 3/25/21, 11:00AM Pacific Time. Information on case counts and deaths for California can be found on California's COVID-19 data tracker.
All California statewide metric data and tier assignments are based on results from week ending March 13, updated as of 3/23/21.

COVID-19 California Updates this Week

- No new updates this week.

COVID-19 Situation in Idaho

- Idaho COVID-19 Cases: 178,887 cases
- Idaho COVID-19 Deaths: 1,954 deaths

Idaho data last updated 3/25/21, 11:00AM Mountain Time. Information on case counts and deaths in Washington State by county can be found on Idaho’s COVID-19 data tracker.
Idaho’s Transmission Risk Levels are updated weekly, visit the Idaho COVID-19 Transmission Risk Levels interactive map.

COVID-19 Idaho Updates this Week

- Panhandle Health District reports first COVID-19 variant B.1.427 (California variant) detected in the district. See the Panhandle Health District news release.

- Eastern Health District announces the presence of the COVID-19 variant B.1.1.7 (United Kingdom variant) and variant B.1.429 (California variant) in Eastern Idaho. See the Eastern Idaho Public Health news release.

- Eastern Health District announces rise in COVID-19 cases again in the district, causing increased hospitalizations on the healthcare system. See the Eastern Idaho Public Health news release.

COVID-19 Situation in Washington State

- Washington State COVID-19 Cases: 358,606 cases
- Washington State COVID-19 Deaths: 5,213 deaths

Washington State Road to Recovery Phase and Risk Assessment metric data is updated weekly, visit Washington State’s COVID-19 Risk Assessment dashboard for more information.

COVID-19 Updates this Week

- No new updates this week

COVID-19 Situation in the U.S.

- U.S. COVID-19 Cases: 29,834,734 cases
- U.S. COVID-19 Deaths: 542,584 deaths

U.S. data last updated 3/25/21, 1:47PM Eastern Time. Information on case counts and deaths for all states and U.S.-affiliated jurisdictions can be found on CDC’s COVID-19 data tracker.

COVID-19 Situation Worldwide

- Global COVID-19 Cases: 124,535,520 cases
- Global COVID-19 Deaths: 2,738,876 deaths

• For school information:
  - Visit the Ready Schools, Safe Learners page for general information
  - Visit the current community COVID metrics page for Ready Schools, Safe Learners. To learn more about these metrics and benchmarks, click here.

• County web resources for COVID-19:
  - Visit the Crook County Public Health COVID-19 Information Page
  - Visit the Deschutes County COVID-19 Information Page
  - Visit the Grant County COVID-19 Information Page
  - Visit the Harney County Health Department COVID-19 Information Page
  - Visit the Klamath County Public Health COVID-19 Information Page
  - Visit the Lake County COVID-19 Information Page
  - Visit the Wheeler County COVID-19 Information Page

• Telephone resources:
  - Call the Oregon phone line for COVID-19 information at 2-1-1
  - Call the OHSU phone line for seek guidance about symptoms and care for COVID-19 at 833-647-8222. The hotline is open 8am-8pm, 7 days a week.
  - If you are 55 or older and feeling isolated or just want to have a friendly conversation, please call the Senior Loneliness Line at 503-200-1633
  - If you are a teen and feeling lonely or anxious, you can call, text, or chat with other teens to talk about anything and everything. Call YouthLine at 877-968-8491 or text ‘teen2teen’ to 839863, the helpline is open 4pm-10pm daily.

Region 7 Public Health Response

Crook, Deschutes, Grant, Harney, Jefferson, Klamath, Lake, and Wheeler County Public Health Departments regularly manage communicable disease outbreaks, and we are prepared to investigate and respond. When a case of COVID-19 is identified in our community, Public Health Nurses work on contact tracing to identify and notify individuals who might have been exposed.

We began preparing for local impacts of COVID-19 and regularly meeting with healthcare partners, Oregon Health Authority, and CDC in January 2020.

We continue to work closely with local schools, healthcare providers, emergency services, cities, businesses, and others to coordinate efforts and to share the most up-to-date information.

This situation update was compiled by the Crook, Deschutes, Grant, Harney, Klamath, Lake, and Wheeler County Health Departments. It will be updated with state, national, and worldwide situation data and sent every week.
