COVID-19 Updates as of Today:

Data as of 7/8/21, 12:01AM Pacific Time

Region 7 COVID-19 Cases:

- 1,317 in Crook County (increased by 12 since last Thursday)
- 10,167 in Deschutes County (increased by 55 since last Thursday)
- 553 in Grant County (increased by 1 since last Thursday)
- 440 in Harney County (increased by 2 since last Thursday)
- 2,403 in Jefferson County (increased by 7 since last Thursday)
- 4,831 in Klamath County (increased by 27 since last Thursday)
- 473 in Lake County (increased by 1 since last Thursday)
- 35 in Wheeler County (remained the same since last Thursday)

Region 7 COVID-19 Deaths:

- 23 in Crook County
- 82 in Deschutes County
- 7 in Grant County
- 11 in Harney County
- 42 in Jefferson County
- 79 in Klamath County
- 8 in Lake County
- 1 in Wheeler County

Since last Thursday, Oregon Health Authority reported that the total/cumulative number of known COVID-19 cases statewide increased by 1,157, bringing the total in Oregon to 209,973. There were 12 new COVID-19 deaths reported, bringing the total number of COVID-19 deaths in Oregon to 2,790.

- CDC reports there are >33.6 million cases of COVID-19 in the United States.
- Worldwide case counts are >184.8 million.

COVID-19 Oregon Highlights

- The Oregon Health Authority released its COVID-19 Weekly Report. For the week of Sunday, June 28 through Saturday, July 4, OHA recorded a 13% decrease from the previous week’s daily new cases count. New hospitalizations have decreased 40% from the previous week.
COVID-19 Situation in Region 7

(Click here for source: Oregon Health Authority Situation in Oregon)

The graph below shows the number of COVID-19 cases from Crook, Deschutes, Grant, Harney, Jefferson, Klamath, Lake, and Wheeler County each calendar week beginning the week of 3/1/20-3/7/20 (when the first cases were identified in Region 7).

Data for this week is not yet shown. This graph will be updated weekly to show the number of COVID-19 cases identified each week in Region 7.

This graph shows data based on the date a case first became identified as a case, which is the date Oregon Health Authority (OHA) uses for school metrics, public health indicator metrics, and other tracking purposes. This date differs from the date OHA reports a case publicly in news releases.

COVID-19 Vaccination Trends

We know it will take some time before every Oregonian who wants to get the vaccine can get their two shots, Oregon Health Authority will follow a phased approach.

COVID-19 Public Health Indicators for Monitoring

The indicators below are updated once per week. Data shown is for the week of 6/27/21. Green shading means the county is meeting the indicator, and orange shading means the county is not meeting the indicator. No shading or “●” indicates that the indicator does not apply due to small numbers. For more information, visit the OHA Public Health Indicators dashboard.

Oregon’s COVID-19 Community Spread

Oregon’s public health officials have developed evidenced-based metrics to track COVID-19 community spread. The indicators are determined by case rates for large population counties (>30,000 people) or case counts for medium and small population counties (<30,000 and <15,000 respectively). Test positivity is also considered for medium and large counties. Where both cases and test positivity are considered, the level of community spread is determined by the more conservative indicator.
COVID-19 School Advisory Metrics Data

The rescinding the Governor’s executive orders on 6/30/21 for K-12 schools, higher education, and childcare means a shift to a more traditional, local decision-making model for communities when it comes to serving the health and safety needs of students and children. Schools will still be expected to comply with longstanding regulations around the control of infectious diseases, and to have a communicable disease management plan.

More details about the use of public health metrics in school reopening can be found can be found on the ODE’s Ready Schools, Safe Learners information page.

Region 7 Small-Medium County Two-week Known COVID-19 Cases
COVID-19 Situation in Oregon

- Oregon COVID-19 Cases: 209,973
- Oregon COVID-19 Deaths: 2,790
- Total number of tests for COVID-19: 5,482,200

Oregon data is as of 7/8/21, 12:01AM Pacific Time. Information on case counts and deaths for all Oregon counties, as well as demographic information for all Oregon cases and deaths, can be found on Oregon Health Authority’s COVID-19 page.

COVID-19 Situation in California

- California COVID-19 Cases: 3,722,422 cases
- California COVID-19 Deaths: 63,317 deaths

California data is as of 7/8/21, 11:00AM Pacific Time. Information on case counts and deaths for California can be found on California’s COVID-19 data tracker.

As of June 15, 2021, the Governor terminated the executive orders put into place, phasing out the vast majority of executive actions put into place since March 2020 and leaving a subset of provisions that facilitate the ongoing recovery.

COVID-19 California Updates this Week

- No new updates this week.
COVID-19 Situation in Idaho

- Idaho COVID-19 Cases: 195,696 cases
- Idaho COVID-19 Deaths: 2,163 deaths

Idaho data last updated 7/8/21, 11:00AM Mountain Time. Information on case counts and deaths in Idaho State by county can be found on Idaho’s COVID-19 data tracker.

Idaho’s Transmission Risk Levels are updated weekly, visit the Idaho COVID-19 Transmission Risk Levels interactive map.

• Telephone resources:
  • Call the Oregon phone line for COVID-19 information at 2-1-1
  • Call the OHSU phone line for seek guidance about symptoms and care for COVID-19 at 833-647-8222. The hotline is open 8am-8pm, 7 days a week.
  • If you are 55 or older and feeling isolated or just want to have a friendly conversation, please call the Senior Loneliness Line at 503-200-1633
  • If you are a teen and feeling lonely or anxious, you can call, text, or chat with other teens to talk about anything and everything. Call YouthLine at 877-968-8491 or text ‘teen2teen’ to 839863, the helpline is open 4pm-10pm daily.

Region 7 Public Health Response

Crook, Deschutes, Grant, Harney, Jefferson, Klamath, Lake, and Wheeler County Public Health Departments regularly manage communicable disease outbreaks, and we are prepared to investigate and respond. When a case of COVID-19 is identified in our community, Public Health Professionals work on contact tracing to identify and notify individuals who might have been exposed.

We began preparing for local impacts of COVID-19 and regularly meeting with healthcare partners, Oregon Health Authority, and CDC in January 2020.

We continue to work closely with local schools, healthcare providers, emergency services, cities, businesses, and others to coordinate efforts and to share the most up-to-date information.

This situation update was compiled by the Crook, Deschutes, Grant, Harney, Jefferson, Klamath, Lake, and Wheeler County Health Departments. It will be updated with state, national, and worldwide situation data and sent every week.
